Office of Public and Indian Housing

OMB No. 2577-0226 (exp. 08/31/2009)

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937 that introduced 5-year and annual PHA Plans. The full PHA plan provides a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission and strategies for serving the needs of low-income and very low-income families. This form allows eligible PHAs to make a streamlined annual Plan submission to HUD consistent with HUD's efforts to provide regulatory relief for certain types of PHAs. Public reporting burden for this information collection is estimated to average 11.7 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. HUD may not collect this information and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Act Notice. The United States Department of Housing and Urban Development, Federal Housing Administration, is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated there under at Title 12, Code of Federal Regulations. Information in PHA plans is publicly available.

Membership of the Resident Advisory Board or Boards

List members of the Resident Advisory Board or Boards: (If the list would be unreasonably long, list organizations represented or otherwise provide a description sufficient to identify how members are chosen.)

Willie Mae Gregory Jerry Oats Sheila Bankhead Sarah McClain Chrystal Threatt Patricia Thacker Dwayne Welborne Sylvia Cathcart

An advisory board meeting was held on February 20, 2008 to discuss the annual plan. The following suggestions were offered for improvements to the community:

The drainage problem on Pecan Court near the end of the street is causing standing water. Residents were please with the improvements in the landscaping. Residents were also pleased with the way the security cameras have improved the quality of living conditions.

VOLUNTARY CONVERSION ASSESSMENT STATEMENT

| The York Housing Authority has completed its voluntary conversion analysis on its public |

| housing developments. All developments were assessed. None were exempted. The assessment |
| revels that public housing is less expensive to operate than housing choice vouchers. This report |

Deconcentration Policy

If, at annual review, there are found to be development(s) with average income above or below the EIR, and where the income profile for a general occupancy development above or below the EIR is not explained or justified in the PHA Plan, the PHA shall list these covered developments in the PHA Annual Plan.

The PHA shall adhere to the following policies for deconcentration of poverty and income mixing in applicable developments:

Skipping a family on the waiting list to reach another family in an effort to further the goals of the PHA's deconcentration policy:

If a unit becomes available at a development below the EIR, the first eligible family on the waiting list with income above the EIR will be offered the unit. If that family refuses the unit, the next eligible family on the waiting list with income above the EIR will be offered the unit. The process will continue in this order. For the available unit at the development below the EIR, if there is no family on the waiting list with income above the EIR, or no family with income above the EIR accepts the offer, then the unit will be offered to the first eligible family on the waiting list [or transfer list] in preference order regardless of income.

If a unit becomes available at a development above the EIR, the first eligible family on the waiting list with income below the EIR will be offered the unit. If that family refuses the unit, the next eligible family on the waiting list with income below the EIR will be offered the unit. The process will continue in this order. For the available unit at the development above the EIR, if there is no family on the waiting list [or transfer list] with income below the EIR, or no family with income below the EIR accepts the offer, then the unit will be offered to the first eligible family on the waiting list in preference order regardless of income. Skipping of families for deconcentration purposes will be applied uniformly to all families.

A family has the sole discretion whether to accept an offer of a unit made under the PHA's deconcentration policy. The PHA shall not take any adverse action toward any eligible family for choosing not to accept an offer of a unit under the PHA's deconcentration policy. However, the PHA shall uniformly limit the number of offers received by applicants [and transfer families], described in this Chapter. The PHA shall establish a preference for admission of working families in covered developments below the EIR.

Deconcentration Compliance

If, at annual review, the average incomes at all general occupancy developments are within the Established Income Range, the PHA will be considered to be in compliance with the deconcentration requirement.

Violence Against Women Policy

The YHA acknowledges that a victim of domestic violence, dating violence, or stalking may have an unfavorable history that would warrant denial under the YHA's policies. Therefore, if the YHA makes a determination to deny admission to an applicant family on the basis of an unfavorable history, the YHA will include in its notice of denial a statement of the protection against denial provided by VAWA and will offer the applicant the opportunity to provide documentation affirming that the cause of the unfavorable history is that a member of the applicant family is or has been a victim of domestic violence, dating violence, or stalking.

The documentation must include two elements:

A signed statement by the victim that provides the name of the perpetrator and certifies that the incidents in question are bona fide incidents of actual or threatened domestic violence, dating violence, or stalking

One of the following:

A police or court record documenting the actual or threatened abuse A statement signed by an employee, agent, or volunteer of a victim service provider; an attorney; a medical professional; or another knowledgeable professional from whom the victim has sought assistance in addressing the actual or threatened abuse. The professional must attest under penalty of perjury that the incidents in question are bona fide incidents of abuse, and the victim must sign or attest to the statement.

The applicant must submit the required documentation with her or his request for an informal hearing or must request an extension in writing at that time. If the applicant so requests, the YHA will grant an extension of 10 business days, and will postpone scheduling the applicant's informal hearing until after it has received the documentation or the extension period has elapsed. If after reviewing the documentation provided by the applicant the YHA determines the family is eligible for assistance, no informal hearing will be scheduled and the YHA will proceed with admission of the applicant family.

Perpetrator Removal or Documentation of Rehabilitation

In cases where an applicant family includes the perpetrator as well as the victim of domestic violence, dating violence, or stalking, the YHA will proceed as above but will require, in addition, either (a) that the perpetrator be removed from the applicant household and not reside in the public housing unit or (b) that the family provide documentation that the perpetrator has successfully completed, or is successfully undergoing, rehabilitation or treatment.

If the family elects the second option, the documentation must be signed by an employee or agent of a domestic violence service provider or by a medical or other knowledgeable professional from whom the perpetrator has sought or is receiving assistance in addressing the abuse. The signer must attest under penalty of perjury to his or her belief that the rehabilitation was successfully completed or is progressing successfully. The victim and perpetrator must also sign or attest to the documentation.

This additional documentation must be submitted within the same time frame as the documentation required above from the victim.

YHA Confidentiality Requirements

All information provided to the YHA regarding domestic violence, dating violence, or stalking, including the fact that an individual is a victim of such violence or stalking, must be retained in confidence and may neither be entered into any shared database nor provided to any related entity, except to the extent that the disclosure (a) is requested or consented to by the individual in writing, (b) is required for use in an eviction proceeding, or (c) is otherwise required by applicable law.
